* For short-term endowment plans.

¹ The guaranteed yield of 2.75% per annum upon maturity is based on the Life Assured surviving until the end of the policy term with no surrender or claims made during the entire policy term. If the policy is still in force on the policy maturity date, Singapore Life Ltd. will pay the Guaranteed Maturity Benefit which is 105.58% of the single premium less any monies owed to Singapore Life Ltd.

Singlife Secure Saver VIII is available on a first-come, first-served basis and is only available for purchase while the acceptance tranche is still open. As buying a life insurance policy is a long-term commitment, an early termination of the policy usually involves high costs and the surrender value, if any, that is payable to you may be zero or less than the total premiums paid. This is not a contract of insurance. Full details of the standard terms and conditions of this policy can be found in the relevant policy contract.
